Lumber Manufacture-Five Mills. We have interviewed five lumber manufacturing firms of this city and secured their reports of amounts of lumber and lath manufactured during the present year. The other firms have not yet ascertained the amounts cut at their mills, as some

769,000 feet, as compared with their addition, Sable street.

manufacture for the preceding The firms this season manufactured 26,930,000 pieces of lath, be- \$325, lot 9, block 5, Potter's addition, ing 1,566,000 less than they cut in Maple street.

The report speaks greatly to the credit of the firms mentioned, and it shows that they possess a spirit of enterprise unexcelled by the business men of any other city. In most other places the mill own-ers shut down their mills when the panic came, and caused multitudes of men to be without employment: but Alpena mill men kept their mills in operation, paid their men, and thanks to their patriotism and public spirit, Alpena weathered the financial storm in good shape, and her citizens were thus able to find employment and maintain their families. If business men in other sections of the country had possessed as much enterprise as the Alpena firms, the panic of 1893 would not have lasted long. Alpena is fortunate in having business men who rank high among the best in the country.

IN NEWSPAPERDOM. "Twice-a-Werz" is the new name given to the Semi-Weekly Detroit Free Press. The "Twice-a-Week" has taken the place of the old Weekly edition which, after an existence of 62 years, was discontinued Nov. 80th, 1898. A weekly paper is no longer fully adequate to the requirements of this progressive age. The Free Press, first in everything, is the first to provide for its great host of readers a "Twice-a-Week," -complete in every detail of the modern newspaper,—at a price (\$1.00 a year) hitherto unheard of for an 8-page semi-weekly family journal. This indeed a newspaper revolution—a revolution the benefits of which accrus wholly to the reader. The spirit of Free Press enterprise is ever alert to promote the interests and welfare of patrons. SOMETHING TO REMEMBER: 1st.—The Twice-a-Week Free Press comprises 8 or more pages and is published every Tuesday and Friday orning in time for early outgoing trains.

2nd.—It is the largest and best Twice-a-Week in America and contains all the News, Markets, Literary Miscellany, etc., brought down to the hour of going to press. Srd.—The Twice-a-Week Free Press will cost only ONE DOLLAR a year-104 newspapers for \$1.00. Did you ever hear of so liberal a proposition?

4th.—Take your local paper for local news and The Twice-a-Week for general news. No other papers in the world will give you so much for so little money. THE POSTMASTER WILL TAKE YOUR SUBSCRIPTION, or you can send it to
